Request Loan: System accepts negative value for "Down Payment"

[+] [...]

∨ **Description**

Defect ID: Bug_005

Issue type: Bug

Priority: High

Steps to Reproduce:

1. Log in to ParaBank.
2. Click on "Request Loan".
3. Enter "1000" in Loan Amount.
4. Enter "-100" (negative value) in Down Payment.
5. Click "Apply Now".

Expected Result:
The system should reject the application and show: "Down payment cannot be negative".

Actual Result:
The loan is approved successfully despite the negative down payment.

Environment:
Chrome

"Phone Number" field accepts alphabetic characters

[+] [...]

Description

Defect ID: Bug_004

Issue type: Bug

Priority: Medium

Steps to Reproduce:

1. Log in to ParaBank.
2. Click on "Update Contact Info".
3. In the "Phone #" field, enter alphabetic text (e.g., "InvalidPhone") instead of numbers.
4. Click "Update Profile".

Expected Result:
The system should show an error: "Please enter a valid number".

Actual Result:
The system accepts the text and updates the profile successfully.

Environment:
Chrome

∨ Description

ID: BUG_001

Issue type: Bug

PRIORITY: High

Environment: Chrome

Description:

The banking system contains a logic error where it allows a user to initiate a fund transfer of $0.00 to the exact same account ID.

Steps to Reproduce:

1. Login to the application and go to "Transfer Funds".
2. Select Account #17118 for both "From" and "To" fields.
3. Enter "0" as the amount.
4. Click the "Transfer" button.

Actual Result:
The system displays a "Transfer Complete!" message.

Expected Result:
The system should show an error message and the transaction should NOT be processed.

Navigation Inconsistency: "Home" link in footer does not redirect to the public landing page

[+] [...]

∨ Description

Defect ID: BUG_002

Issue type: Bug

Priority: Medium

Steps to Reproduce:

1. Log in to the ParaBank application.
2. Scroll down to the footer section at the bottom of the page.
3. Click on the "Home" link.

Expected Result:
The user should be redirected to the main public landing page (Main Index).

Actual Result:
Clicking "Home" simply refreshes the current logged-in dashboard instead of going to the main index.

Environment:
Web Browser (Chrome)

Login fails with error message even when using valid credentials

[+] [...]

∨ **Description**

Defect ID: Bug_003

Issue type: Bug

Priority: High

Steps to Reproduce:

1. Open the ParaBank application.
2. Go to the Login section.
3. Enter a valid Username.
4. Enter a valid Password.
5. Click on the 'Log In' button.

Expected Result:
The user should be logged in successfully and redirected to the Account Dashboard.

Actual Result:
The system displays an error message: "The username and password could not be verified" and the user is unable to login.

Environment:
Chrome
